

## VISION STATEMENT

We are using the power of surf and Ohana, our "family," to empower youth who have experienced complex trauma to become independent adults, leaders in the community, and champions for the environment.

## MISSION STATEMENT

We provide opportunities for healing and empowerment through surf therapy, mentorship, and life skills achievement programs for youth in foster communities.

## WHAT WE OFFER

### *Surf Therapy*

Surf Therapy Camps are provided to participants by trained instructors. These may offer focused educational instruction and resources to participants on specific topics of interest.

### *Mentorship*

The mentorship program allows volunteers to connect and develop relationships with participants on a more personal and consistent basis. This program helps build trust and a support network for the participants.

## Life Skills

The life skills achievement program supports participants in building skills that are needed to become successful, independent adults.

## Special Programs

Other key programs such as Dreaming of Aloha create greater access to life-changing experiences and unique learning opportunities for participants.
